

Don't fight it, girl
Just give it time, some kind of chance to grow
We're onto something beautiful, oh oh
Don't fight it, girl
Just give it time, some kind of chance to grow
Cause we're onto something beautiful, oh oh

Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Do you love me?
Do you love me?

Don't fight it, girl
Just give it time, some kind of chance to grow
We're onto something beautiful, oh oh
Don't fight it, girl
Just give it time, some kind of chance to grow
Cause we're onto something beautiful, oh oh

Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?
Fight it, hold you, kill it, do you love me?

Don't fight it, girl
Just give it time, some kind of chance to grow
We're onto something beautiful, oh oh
Don't fight it, girl
Just give it time, some kind of chance to grow
Cause we're onto something beautiful, oh oh
