

HEARTSONG

Honne

I'm a butterfly in the wind
I'm just going with it
Until you let me in
I am up in the air
Suspended
I am up in the air
Suspended

I'm a gymnast on a rope
It's a long way down
And I'm up here losing hope
I am up in the air
Suspended
I am up in the air
Suspended

So please don't let, please don't let me go

Cause you are all I have
And you're all I need
You make my heart sing
And my lungs breathe
Only you can bring me back
'Til I'm all of me
You make my heart sing
You make me everything

I'm a raindrop on a leaf
I'm evaporating
Under all this heat
And I am up in the air
Suspended
I am up in the air
Suspended

So please don't let me, please don't let me go

Cause you are all I have
And you're all I need
You make my heart sing
And my lungs breathe
Only you can bring me back
'Til I'm all of me
You make my heart sing
You make me everything
You make my heart sing
You make me everything

So please don't let me go
I am just a butterfly
Looking up into the sky
I'm in your hands
So please don't let me go

Cause you are all I have
And you're all I need
You make my heart sing

And my lungs breathe
Only you can bring me back
Till I'm all of me
You make my heart sing
You make me everything
You make my heart sing
You make me everything
