

I Can Give You Heaven

Honne

Do you remember that time
The time you said that love's a myth it's so hard to come by
But please let me justify
It's not always like that and I'll explain why
Cause theres a place to be who we want to
And do what we ought to
Let me give you the once in a life time chance
And girl, I could go on and on
But I don't wanna bore you, no
Do the right thing
And let me show you what you're missing

Oh can you feel it
It's something special and I mean it
I can give you heaven if you want it
Just promise me girl you can handle it
And oh I wanna please you
Wanna treat you to a thing or two
I can give you heaven if you want me to
Just give me the word and it's done for you

Do you always look so god damn fine
Yeah you must be tired from all of the time you spent running through
my mind
Cause I could really be your guy
The one you've been searching for the whole of your life
Come to my place and be who you want to
And do what you want to
But do the right thing
And let me show you what you're missing

Oh can you feel it
It's something special and I mean it
I can give you heaven if you want it
Just promise me girl you can handle it
And oh I wanna please you
Wanna treat you to a thing or two
I can give you heaven if you want me to
Just give me the word and it's done for you

You said you wanted paradise
A place to sip champagne on ice
And put those diamonds in your eyes
Everything I do, girl
I do it all for you, girl

Oh I really wanna please you girl
Wanna treat you to a thing or do
I can give you heaven if you want me to
Just give me the word and it's done for you
