

I Just Wanna Go Back

Honne

I love you, I love you, I love you
I love you, I love you, I love you

Three little words, one big meaning
On top of the world with a feeling
Now it's gone
I had it in my grasp
I really should've known that good things don't last

I'm really lost without you
(You're my light, you're my light)
I'm really lost without you
(Shining bright, shining bright)
Can't find my way without you
God knows what I'll do
I'm really lost without you

One thousand words from just a picture
Now it's all blurred
In a flicker you were gone
I had you in my grasp
I really should've known that good things don't last

I'm really lost without you
(You're my light, you're my light)
I'm really lost without you
(Shining bright, shining bright)
Can't find my way without you
God knows what I'll do
I'm really lost without you

I just wanna go back
I just wanna go back

I just wanna go back
I wonder if I see, wonder if I see your face again
I just wanna go back
I wonder if I see, wonder if I see your face again
I just wanna go back
I wonder if I see, wonder if I see your face again
I just wanna go back
I wonder if I see, wonder if I see your face again
