

# I'M BLESSED

Honne

I'm not  
Perfect  
No I never have been, never will  
Cause I get it wrong  
Most of the time  
My whole life  
Was an uphill climb  
Up until when I met you

Cause you seemed  
To like me  
Do you know how good that makes me feel?  
Yeah out of this world  
Over the moon  
I hit it big  
Being with you  
No I can't believe it's true

I'm blessed  
I got love all around me  
Making me feel blessed  
Got my friends and my family  
Everything's all blessed  
There's no bringing me down  
There's only making me stronger (stronger)  
I'm blessed  
I'm blessed  
I'm blessed  
I'm blessed  
I'm blessed

I must be  
An imposter  
Cause there's no way life can be this good  
If one of these days  
It goes away  
I can be happy  
I got a taste  
But I really hope, I really hope it stays

I'm blessed  
I got love all around me  
Making me feel blessed  
Got my friends and my family  
Everything's all blessed  
There's no bringing me down  
There's only making me stronger (stronger)  
I'm blessed  
I'm blessed  
I'm blessed  
I'm blessed  
I'm blessed

No no, just yes, I'm blessed  
No no, just yes, I'm blessed Ohhh

You came and took away my problems

I'm blessed  
I got love all around me  
Making me feel blessed  
Got my friends and my family  
Everything's all blessed  
There's no bringing me down  
There's only making me stronger (stronger)  
I'm blessed  
I'm blessed  
I'm blessed  
I'm blessed  
I'm blessed  
No no, just yes, I'm blessed  
No no, just yes, I'm blessed
