

# Lean On Me

Honne

When you're feeling low  
When you're in your dark days  
I'll do my best  
To get you in a better place

I can give you time  
I can give you your space  
Remember you can lean on me  
Forever and always

You can lean on me  
You can lean on me  
I'll look after you so tenderly  
Give you all you need  
Go ahead, rest your head, lean on me

When you're down and out  
You're followed by bad weather  
If you're hurting I can  
I can kiss it all better

You can take your time  
your time, your time  
I will always be around  
Be your airbag  
Right when everything comes crashing down

You can lean on me  
You can lean on me  
I'll look after you so tenderly  
Give you all you need  
Every time that you lean on me

You can lean on me  
You can lean on me  
I'll look after you so tenderly  
Give you room to breathe  
Go ahead, rest your head, lean on me

You know you're gonna get through this  
You know you're gonna get through this  
Every time you say you can't do this  
You know you're gonna get through  
You're gonna get through

You can lean on me  
You can lean on me  
I'll look after you so tenderly  
Give you all you need  
Every time that you lean on me

You can lean on me  
You can lean on me  
I'll look after you so tenderly  
Give you room to breathe  
Go ahead, rest your head, lean on me

Every time you say you can't do this  
You know you're gonna get through  
You're gonna get through this

You're gonna get through this  
You're gonna get through this  
You're gonna get through this  
You're gonna get through this
