Loves The Jobs You Hate

Honne

So here we are
Head to head
You spin my way
Since I don't know when
You kid yourself
By telling me you are who you are,
You are who you are
I'm sorry mate
You're not my date
You wish you were
You wished it bad
You come in here spading more than who you are
You are who you are

Say you lived both ways
You've got these troubles day after day
It would all serves the same
I'm not listening to a word you say

Thanks for a second chance
But let me tell you something
I understand, go fuck yourself
Don't tell me you are who you are,
You are who you are
It's only been a minute since you knocked me
Now you're tryina treat me like you love me
But I'm not fooled by you
'Cause you are who you are,
You are who you are

Say you lived both ways
You've got these troubles day after day
It would all serves the same
I'm not listening to a word you say
You're forever takin' aim
You've got these troubles day after day
My patience was away
I'm not listening to a word you say

I've turned down 'cause I'm tired
You're telling me that I'm shut all the time
Can I come babe?
Every word you say drives me away!

Say you lived both ways
You've got these troubles day after day
It would all serves the same
I'm not listening to a word you say
