

# See U In The Dark

Honor Society

You were always the girl {the girl}  
Who would give me girl advice  
Whenever I needed it  
My best friend in the world  
My friend's said you were fine  
But I was always denying it

Then one summer day  
I saw you laying by your swimming pool  
And I was thinking, "damn you really changed"  
You're not the quiet girl I used to know  
You opened up my eyes

I see you walk across my room in  
Nothing but the moonlight, Now I love to  
See you in the dark, see you in the dark  
My window frames you like a Monet  
Don't come back to bed yet, cause I love to  
See you in the dark, see you in the dark

I see you in the even dark, dark  
I'll never see you the same  
The veil has been lifted  
Now I see you're gifted  
My whole perspective has changed  
Don't think I can't go back  
Cause I will always desire it

Don't take another step  
Near me, just in case we have regrets  
Tomorrow we go back to being friends  
I'll think about the way you looked tonight  
Yeah, so turn off all the lights

I see you walk across my room in  
Nothing but the moonlight, Now I love to  
See you in the dark, see you in the dark  
My window frames you like a Monet  
Don't come back to bed yet, cause I love to  
See you in the dark, see you in the dark

I see you in, in the dark, dark  
Maybe if you were someone else  
It wouldn't have to be like this  
I wonder how you feel about me now  
Or was it just a friendly kiss, yeah  
Cause I'm seeing you for the first time

She pulls me closer to her body  
As she whispers softly, "turn the lights off"  
See you in the dark, see you in the dark

I see you walk across my room in  
Nothing but the moonlight, Now I love to  
See you in the dark, see you in the dark  
My window frames you like a Monet  
Don't come back to bed yet, cause I love to

See you in the dark, see you in the dark
