

# Giving Up On Us

Hoodie Allen

Us, us, us

Ten things that I hate about you  
You always tell me what the \*\*\*\* I should do  
You take a bite of my food when you're not hungry  
You treat me bad and tell me you love me  
I'm feelin' so damn confused  
Uh huh, yeah

I get kinda lost sometimes  
I wish you could see that side  
I don't know what I'm supposed to do (Supposed to do)  
Check my phone a thousand time  
Won't see you in my replies  
I feel like I lost that part of you

I wanna run away as fast as I can  
The way you treatin' me is so outta hand  
You know that I die just a little bit  
You're so inconsiderate  
This was never part of the plan  
Givin' up on us, us, us  
Us, us, us

Yeah, yuh  
I wish I had better news for ya  
You been playin' with my heart there's no excusin' ya  
I just put my energy into my music huh  
To compensate for the idea of losin' ya  
But if I had a chance to change up all my ways  
I would probably act the muthafuckin' same  
When I see you lookin' at me in that way  
I don't really stand a chance, I get on my knees and pray  
Girl you always on a power play  
And I ain't even talkin' hockey  
Table up in Nobu sippin' on expensive sake  
Got me wrapped around your finger  
Go and throw me in your pocket  
Got the key to my heart and then you dropped it (Sheesh)

I get kinda lost sometimes  
I wish you could see that side  
I don't know what I'm supposed to do  
Check my phone a thousand time  
Won't see you in my replies  
I feel like I lost that part of you

I wanna run away as fast as I can  
The way you treatin' me is so outta hand  
You know that I die just a little bit (I die, just a little)  
You're so inconsiderate (Woo)  
This was never part of the plan (No!)  
Givin' up on us, us, us  
Us, us, us

I been goin' crazy, livin' with you baby  
I can see so clearly now

I just need some space please  
Don't you try to chase me  
You just wanna slow me down

I wanna run away as fast as I can (Fast as I can)  
The way you treatin' me is so outta hand  
You know that I die just a little bit  
You're so inconsiderate  
This was never part of the plan  
Givin' up on us, us, us (Givin' up on)  
Us, us, us  
Givin' up on us, us, us (Hoodie, Spencer, yeah, come on)  
Us, us, us
