Hoodoo Gurus

1968

Listen for sounds that resonate
Everything new is out-of-date
It's coming down fast and I can't wait
You're gonna be late
You're gonna be late

1968

Nowhere on earth now to escape
Rock 'n' roll planet going ape
Everyone's bent all out of shape
You're gonna be late?
Now, is it too late?

1968

Now is it too late?
Now, is it too late?

1969

Is looming in the mists of time

1970

Is gonna be the death of me

1968

Getting high from the smoke grenades
Anarchists storm the barricades
Paris in flames and all hope fades
But is it too late?
It's never too late

1966

We're turning on and turning tricks

1965

We was on The Strip
Getting swingers hip
To the ride of our lives

1968

Motor City Five, Apollo 8
Rock 'n' Roll planet goin' ape
It's coming down fast and I can't wait
It's never too late
It's never too late
