

# Carry On

Hoodoo Gurus

I doubt myself sometimes but I turned out alright  
I cried myself to sleep more than once or twice

What a way to carry on  
What a way to carry on  
What a way to carry on  
But carry on

Some folks are hard to please, they're never satisfied  
I do the best that I can, at least I'll know I tried  
But if that isn't good enough, well I'll kiss 'em goodbye

What a way to carry on  
What a way to carry on  
What a way to carry on  
But carry on  
Carry on

We don't shake, we don't shout  
And we get the business done  
If they don't listen, we will still carry on

I doubt myself sometimes but I turned out alright  
I'll take one on the chin, then I'll stand and fight  
I'll fight!

What a way to carry on  
What a way to carry on  
What a way to carry on  
But carry on  
Carry on

What a way to carry on  
What a way to carry on  
What a way to carry on  
Carry on  
Carry on  
Carry on

We don't shake, we don't shout  
We just carry on
