

Dig It Up

Hoodoo Gurus

My girlfriend lives in the ground
My friends ask why she's not around
She won't come home
I'm so alone you'll never know

You can't bury love
You've gotta dig it up
Yeah, you've gotta live it up

I take her flowers each day
I place them over her grave, I want her back
Because I look so bad, so bad in black
Like a maniac

You can't bury love
You've gotta dig it up
Yeah, you've gotta live it up

Please, darling, come home to me
Well, I'll make you so happy, you will see
I'll paint your room in pink and blue
I'll even choose the color scheme for you

You can't take away my love
I'll never give it up
Yeah, I'm gonna dig it up

Oh honey
No, you can't make me
Don't, don't, don't, don't tell me, I don't want to know

My girlfriend lives in the ground
My friends, you ask me why she's six feet down
I can't tell you why 'cos if I even try
I'd fall down flat on my face

And I'd cry, "You can't take away my love"
Gonna dig it up, yeah, I'm gonna live it up
I'm gonna have to dig it up, dig it up
I'm never gonna stop with that loving cup
Gotta fill it up
