

Form A Circle

Hoodoo Gurus

I could really go for you
cause you`re kinda way out too
Freaks me out this scence is mine
I ain`t walking no straight line
Don`t be late - Don't Hesitate

Form a circle!

I feel like a wayward son
You make me get my buzz on
Havin` you all is my goal
Reach right in and fuck my soul
Fornicate - appropriate

Form a circle!

If its good you gotta do it
Form a circle, get into, it
Go ahead, you can`t hide it

Form a circle, don`t you try to fight it

I can feel just where you are
You can never go too far
Same place, same time every week
Won`t you turn the other cheek

Looking` good - it`s understood - I wish you would!
