

## Hypocrite Blues

Hoodoo Gurus

GURU: "Don't do what I do, do what I say.  
If that sounds like voodoo, well, what the hey!  
I know what I mean

And my hands are clean".

"Don't do what your parents say you should  
That don't wash in this here neighbourhood  
Go out, raise some hell - Maybe cash as well.

Who cares if we wake up in a cell?"

"I don't want you to get left behind  
(but) I just can't make up my mind.  
I won't follow anybody blind,  
I'll take one step at a time  
Oh, I've got no answer now  
Oh, I've got no answer now".

GURU:

"You begin to bore What're you waiting for?  
There are no exceptions to my law

(`cept maybe me...)".
