

Was I Supposed To Care?

Hoodoo Gurus

Now you're alone
You should have known
It might turn out this way
But hold the phone
'Cause nothing's set in stone
The skies are looking grey
But it's just another day

No right or wrong
Time has moved on
And you'll have to adjust
It's dead and gone
You can't keep holding on
It might take some time to trust
But you will because you must

It can make you
And it can break you
When your heart is torn in two
Just need a hand up
To help you stand up
And your friends will get you through

Those pointless tears
Frustrated years
So ended this affair
No more "what if's"
Or lovers' tiffs
This was way beyond repair
It only hurts because you care
You just gotta care

So much wasted
Barely tasted
That sweet life you should have had
Disenchanted
Taken for granted
It's no wonder you feel sad
'Cause you got it bad
Ah, ah, ah-ah, ah, ah
Ah, ah, ah, ah
So come on
Ah, ah, ah-ah, ah, ah
Ah, ah, ah, ah

Your heart is sore
And feeling raw
You've been beaten black and blue
Like only love can do
Only love can do

It can make you
It can break you
When your heart is torn in two
Better stand up
It's time to man up
'Cause that's all that you can do

If you know what's good for you

It's gonna be good for you

Ah, ah, ah-ah, ah, ah

Ah, ah, ah, ah

So come on

Ah, ah, ah-ah, ah, ah

Ah, ah, ah, ah
