

Ball Like A Bitch

HoodRich Pablo Juan

Yeah

Pablo Juan, you know what the fuck goin' on
Money plugs and guns nigga
We on the motherfucking paper route to this shit
Hold up, Spiffy on this motherfucker
Fuck nigga

I walk in, I look like a check
Chains on my neck, my diamonds VS
I'm at the top, she gon' give me neck
I need the cash and my shit your rent
I bust a redbone like a seal on the Tech
Fly like a runway, take off like a jet
I ate her nut, she said you a mess
Everywhere I go I bring out the check
I walk in and ball like a bitch
Team full of shooters, I feel like Durant
That young nigga got him a sack
That young nigga he like to flex
I got these hoes impressed
Look how this young nigga dress
You spend that shit on a car
I spend that shit on my neck

All the dangers
Tryna get rich, nigga fuck being famous
I'm shooting headshots, I make 'em brainless
Too many chains on, they getting tangled
I be so fresh I should frame it
Ooh, shoot with the chopper, I ain't gotta aim it
Hundred rounds, I got my nuts hanging
I'm somewhere high, I'm geeked up with the angels
I'm rocking designer while I'm praying
When they look at my left wrist that's a hundred bands
Diamonds so bright, I could give a tan
Calling my customers like the ice cream man
I got some racks in the Gucci bag
I got some bands in my Gucci bag
If I fuck her then you know she bad
All this money, I can see why these broke niggas mad

I walk in, I look like a check
Chains on my neck, my diamonds VS
I'm at the top, she gon' give me neck
I need the cash and my shit your rent
I bust a redbone like a seal on the Tech
Fly like a runway, take off like a jet
I ate her nut, she said you a mess
Everywhere I go I bring out the check
I walk in and ball like a bitch
Team full of shooters, I feel like Durant
That young nigga got him a sack
That young nigga he like to flex
I got these hoes impressed
Look how this young nigga dress
You spend that shit on a car
I spend that shit on my neck

Hop out the whip, my diamonds drip, told the lil bitch don't slip
Extended clips, hollow tips, pull up and let that bitch rip
Hop in the foreign and drip, boring bitch, got her a Lyft
White grill, no stainless steel
And all of my diamonds is clear
You niggas jewelry ain't real
You niggas jewelry ain't real
You know we do it for real
You just a bitch nigga just like Madea
And we still ridin' with the steel
I just cracked me another seal
I just gave your ho a pill
Money power respect, that's how a nigga live

I walk in, I look like a check
Chains on my neck, my diamonds VS
I'm at the top, she gon' give me neck
I need the cash and my shit your rent
I bust a redbone like a seal on the Tech
Fly like a runway, take off like a jet
I ate her nut, she said you a mess
Everywhere I go I bring out the check

That young nigga he like to flex
