

Brand New Choppa

HoodRich Pablo Juan

Hakuna matata, you bumboclaat rasta
Got 50 rounds for my brand new chopper
Ooo, Can't wait to shoot me a nigga
With my brand new chopper!
I'm going gun shopping, I spent a hundred thousand
I got brand new choppers
Fuck nigga ran up and I shot him
Gonna go buy me a brand new chopper
Walk around with that brand new chopper
Can't wait to use my brand new chopper
All my young niggas got brand new choppers
I spend fifty thousand on brand new choppers
Load them up, got brand new choppers
Watching my trunk with them brand new choppers
Had to throw away my brand new chopper
Might catch a case with my brand new chopper

Fuck nigga thought it was gravy
Got a brand new chopper, I'll send them to Grady
Ooo, I was waiting
Got a plug on the choppers, he bring them from Dayton
All my young niggas participating
All these choppers causing cold cases
Banana clip the gorillas, no cages
Got K, K, K, they think I'm a racist
Chickens hot, I'm making them Cajun
My chopper's Russian, my plug is a Asian
Holding my chopper, trapping at the Days Inn
Shoot you a hundred, you catching 'bout eighty
Brand new chopper, I can't wait to break in
I'ma catch a murder if a nigga try to break in
Plug on the drugs, but I think like I'll take it
Shoot him and take the chopper down to Macon

Chop-chop-chop-chop-chopper style
Bet I'll make a nigga's body rock
Young niggas on the bullshit
Gon' pull up with the dreads in they head like they Waka Flock
Chopper in the trunk, I'm toting my Glock
Don't disturb me while I'm working my pot

Everybody got a chopper ain't worried 'bout robbers, nigga, you could come t
o the spot
Chopper on me while I bust down the block
It look like Chopper City, block is hot
Shoot up the club from the parking lot
I got a plug 'cause these niggas talk a lot
I'ma make a nigga walk it out
Fuck nigga, watch your mouth
Them young niggas come with their choppers out
We shooting up sending these bodies down south
They call me witness, think I took it to trial
Shootout with 12, rest in peace Mike Brown
That baby chopper weighs three pounds
Two choppers, I'm smooth like I'm James Brown
Whitney Houston, nigga, Bobby Brown
Come get a pack and you will love the pound
Come with the muddy if I gotta come with that Tommy
Nigga, it's a man down
