

## Catch A Case

HoodRich Pablo Juan

MONY POWR RSPT World, nigga  
DrugRixh  
Pablo Juan, nigga

They fucked up when they put Hect on sensei  
Slept in the mud until I made a way  
DrugRixh had to make a better way  
Trapped in the bando with my nigga K  
Long line, nigga, Chick-fil-A  
Play with Hect, get shot in the face  
Wrong move, nigga, get out the way  
It's a MONY world, nigga, stay in your place  
I cut the white girl like I'm OJ  
I'm cooking up, serving fish filet  
I swing my door with a dirty AK  
I don't play games, gotta catch a play  
Fuck around and make me catch a case  
Eat a nigga's plate to say my grace  
V12 engine, I don't wanna race  
I'm still in the hood, nigga, every day

Get shot in the face by "he say, she say"  
Just talked to buzzo and the Feds on three-way  
Fuck nigga, try me, you know how we play  
Everybody get hit when I shoot the K  
Thank you, Allah, I beat another case  
Got niggas that'll rob your ass dirty-faced  
I'm from the hood, where it ain't safe  
I'll kick down your door, I'm looking for the safe  
Finna get a Maybach, fuck the wraith  
Gun rack aimed at your face  
Before you kiss her, you better make her use toothpaste  
Pablo used the wand, cook it up like a magic plate

They fucked up when they put Hect on sensei  
Slept in the mud until I made a way  
DrugRixh had to make a better way  
Trapped in the bando with my nigga K  
Long line, nigga, Chick-fil-A

Eat a nigga's plate to say my grace  
V12 engine, I don't wanna race  
I'm still in the hood, nigga, every day

Fucked around and served twelve niggas, got the hood hot  
Hit you with a clean spoon, nigga with a dirty pot  
Play with Hect, that's how the last nigga got shot  
Sippin to much Hi-Tech, nigga got my heart stopped  
Stay down on the block  
Until I came up with a whole lot

Whip it good, Auntie say her jaw locked  
Shoot craps in the parking lot  
Whoop whoop  
Said the block hot  
BOW BOW the other shot  
All of you bumboclaat  
Glock 19 with a 30 shot

They fucked up when they put Hect on sensei  
Slept in the mud until I made a way  
DrugRixh had to make a better way  
Trapped in the bando with my nigga K
