Trapping and juuging, I'm whipping the chickens
I pull up in foreign with tint on the Bentley
Put ten on my pinky, I'm hood like Cannon
Throw it at strippers, you know we got plenty
Pull up semi, my young niggas grim in the dark
They coming to get you
Diamonds flash like I'm taking a picture
We was drinking two liters, no pitcher
Nigga, you getting money, but I'm still richer
You don't know the definition of "real nigga"
Ride around with the choppers and killers
I make it touch down like I play for the Steelers
I'm drinking too much raw, I think I'm coming with the salmonella
A nigga move like a hip
Filled with that hit stick
Better pray that diamonds would see your bitch and kiss her
I'm the OG, nigga, they call me Mister
