

On Me

HoodRich Pablo Juan

I just bought the plug out, still got money on me
I just popped a capsule, ooh, that molly on me
Pop a bottle, throw it back, that liquor on me
Backing up a whole truckload and drop it on me
It's on me, it's on me
It's on me, on me, everything on me
It's on me, I got money on me
Now these bitches on me, it's on me

Everything in the world is mine, I feel like I'm Tony
I just fucked a nigga's bitch, I could still smell her on me
You can order up a ten-piece chicken wing, I deliver like it's pepperoni
Mr. Telephone Man, block these bitches 'cause they on me
Drop a twenty for the re-up, still got the 30 on me
I think I'm Stephen Curry, how I shoot when I got the 30 on me
I'ma make a ceremony
Leaning like a kickstand on me
Marching, battle of the bands on me
These shoes on me, they cost a rack only
Jabroni

I just bought the plug out, still got money on me
I just popped a capsule, ooh, that molly on me
Pop a bottle, throw it back, that liquor on me
Backing up a whole truckload and drop it on me
It's on me, it's on me
It's on me, on me, everything on me
It's on me, I got money on me
Now these bitches on me, it's on me

Young Guapo, Young Guapo got European
I got bitches that never will leave me alone
Pussy nigga, we know you fake, you a clone
Pouring up syrup, got my hoes on Patrón
No, we don't talk on phones unless it's a money conversation
Dealing with the plug, good relation
Hell yeah, we got an invitation
On me
One thing about it: I'ma keep that 30 on me, on me
If they hated Jesus, they gon' hate on me
but I got white on me
I make all of the bitches wait on me
Only yacht finna cross the sea
You wanna talk to me, it's gon' cost a fee

I just bought the plug out, still got money on me
I just popped a capsule, ooh, that molly on me
Pop a bottle, throw it back, that liquor on me
Backing up a whole truckload and drop it on me
It's on me, it's on me
It's on me, on me, everything on me
It's on me, I got money on me
Now these bitches on me, it's on me

It's on me, it's on me
It's on me, on me, everything on me
It's on me
