

The Matrix

HoodRich Pablo Juan

Oh my God, oh my God
Oh my God, oh my God
Oh my God, oh my God
Pablo Juan, man, you know what

Ooh, I live in the Matrix
Really got a safe full of blue faces
Bitches comin' from Macon gettin' naked
Keep a hundred, they ain't a hundred, they be fakin'
Fuck on a all white bitch like I'm racist
I got them all white bricks by the cases
I rock that Off White on the ocassion
I just had a ménage with two Asians
Yeah, I live in the Matrix
Pull out the red and the blue pill, she take it
Cash out on whips, we do not make payments
I got the trap hot, scorchin' and blazin'
None of you niggas or bitches can phase me
Cuban link wrapped round' my wrist like I'm slavin'
I got some shooters, can't wait to go crazy
Yeah, I live in the Matrix

I'm dodgin' these bitches, I'm dodgin' these cases
I feel like I'm Neo in the Matrix
Ooh, don't fuck with these bitches, they basic
VLONE mask on like I'm Jason
Two foreigners, park the cars, they adjacent
I count money real fast, call me impatient
Got the shooters with me, ain't no takin', we bracin'
I got ice like a glacier, goodness gracious
I got more in my safe then your bank statement
All this water make a nigga ship sinkin', huh
I feel like the last real on left, I go get Ben Franklins
I ain't shootin' no blank, nigga, we blankin'
Wrap that lil' baby up in the blanket
Gun like the army, I'm the highest rankin'
I make that Draco start sangin'
I get that head till she brainless

Ooh, I live in the Matrix
Really got a safe full of blue faces
Bitches comin' from Macon gettin' naked
Keep a hundred, they ain't a hundred, they be fakin'

All y'all the same, you remind me of agents

African diamonds, got water like slave ships
All green hundreds, I call them the plain chips
I got water on me just like the rain drip
I got good aim, if I fuck with the same clip
I make that bitch suck the tip
I got them bullets with blue tips
We the ones to choose the FNH to the four fifth
I don't know, I just knock down these hoes like dominoes
I'm all black to the floor like Neo
I got three bitches, that's a trio
Tunnel vision, all I see is the C notes
Paid in full, nigga, I'm watchin for RICO
Took off my blazer and put on my peacoat
Studded her mouth, she got a deep throat
Can't go out sad, fallin' in love with no freak hoe
