You ain't talkin' 'bout money, better get out my way
I was trappin' in the hood but I beat the case
Gettin' high on them percs, and I pour up an eight
I wanna have it and eat my cake
A lot of bad habits, get high everyday

Tick-tock, tick-tock, she go 'round and she a thot
Tick-tock, tick-tock, big rocks in my brand-new watch
Tick-tock, tick-tock, fuck her then I put her out
Tick-tock, tick-tock, twenty-four hours we staying down
I got the racks on me right now, bustin' out
You ain't talkin' 'bout money then shut your mouth
Got a Glock and the block on the paper route
I'm on a day date, no time to take you out
Boogers, ice, lean like snot
My white tee lean, and I rock with the pot
Bad bitches only, don't fuck with no thots
No time for beef, we gon' shoot on the spot

Cookies in the oven, dope in the crockpot
At the crack, trap spot beating like a boombox
Brown and the white like a moon pie
My young nigga hang in the hood like the Boondocks
What make you think you a goon now?
Boy you geeked up, sit your ass down
Pull up, my whip zero miles
Got rich, I made mama proud
Skinny jeans type, they Amiri
Diamond Cartier, I see clearly
Drippin' on 'em like I'm teary
Two carats in my earrings
See the diamonds through the tint when I'm staring

Hérmes chain, Liberia
My outfit a dime, ten thousand appearance
