

Broken Never Beat

Hoods

When my time comes I know I'll get what I deserve
So nows the time as I choke on myself, what happened to me
Broken down but never beat I live in this world
And it seems to fit me, me
Now somethings trying to drag me down
I know my faults I've seen them around
A close call it seems to be all of you
And just one of me
I won't change, I dwell in pain if I don't change
Dwell in pain, I won't change
When my time comes I know I'll get what I deserve
So nows the time as I choke on myself what happened to me
Broken down but never beat
I live in this world it never fit me
