

Party Szn

Hooligan Hefs

The girls can stay, send their boyfriends home (who is gonna be there ?)

Yeah (just check on this)

The girls can stay, send their boyfriends home

I don't wanna see snaps, put away those phones

Yeah

The girls can stay, send their boyfriends home

I don't wanna see snaps, put away those phones

I just wanna see a big bum shakin' for the bros

I'm leavin' with one or I might take both

Or is that too greedy? She don't wanna leave me

Don't need strobe lights, my wrist is beamin'

Give her a tissue, her nose is bleedin'

It's early in the mornin' but it's back to the PM, leanin'

Yeah, it's corona season

But we still party like it's a weekend

(Yeah, it's corona season)

(But we still party like it's a weekend)

Yeah, it's corona season

But we still party like it's a weekend

(Oh, oh)

(Oh, oh)

(Oh, oh)

Yeah, it's corona season

But we still party like it's a weekend

There's no pills to fix this virus

I'm way too sick, doin' up all-nighters

Cancel my plans and all of my priors

Sun comes up and everyone's silent

Why so quiet? It's back-to-back

Quick catnap then it's back-to-back

There's another bong that I don't get back

So we might as well turn this room to a trap

I just wanna see a big bum shakin' for the bros

I just wanna kick it in my slippers and robe

Noise complaints go out the window

'Til the wheels fall off, all day, let's go

Yeah, it's corona season

But we still party like it's a weekend

(Oh, oh)

(Oh, oh)

(Oh, oh)

Yeah, it's corona season

But we still party like it's a weekend
