SEND IT!

Hooligan Hefs

All I wanna do is hold you now
And hear the sound of your heart beating (Yeah)

I'll be home late, I'm doing my thing
If I don't come back, then I'm back in the wing
We them boys that lettin' that ring
She knows I'm a savage, so she make that swing (Swing)
Police wanna change my name to Amings
I'm still with the gang, yeah, I'm still mobbing
Got an ill mind but I'm not Hopsin
I'm a trouble man with a big thing popping

Here's a T-I-P, I do it with ease
Bad girls wanna party with real G's
They say they heard a lot of stories
Now they're in VIP, busting down for the team

Never above, never below
Always beside, through all that smoke
Never above, never below
Always beside, through all that smoke

All I wanna do is hold you now
And hear the sound of your heart beating

Haha
Yeah, I'm blasted, little bit reckless
With a lot of tens but they're not from Texas
Here to take flight, hold up, let me send it (Send it)
Can't keep up, that way to the exit (Exit)
All of mine restless, been through hell (Hell)
Been through the street, been through the cells (Cell)
Come a long way from saddies in a scale
She wanna cuff me but not take me to jail (No way)

Maybe later on, yeah, we can link up
Pass me the bottle, get rid of my cup
They know how we do, we get the job done
When the beat drops, yeah, turn the fuck up

Never above, never below
Always beside, through all that smoke

Always beside, through all that smoke
Never above, never below
Always beside, through all that smoke
