

The Party

Hooligan Hefs

Bad Girls wanna party, yeah
Bad Girls wanna party, yeah

Bad Girls wanna party, yeah. Tell 'em come through
Tell the waitess, more bottles to the booth
Walk straight through, don't stand in Queue's
No plus one's, no one new

Jaws are locked and gums are chewed
Don't worry bout me, I'm sittin' on the moon
My hitters on dancefloor, but they don't dance
Still out on the floor, and they're makin' moves

And I pour a shot for my brothers in lock
Pour a shot, cause we got it on lock
Let off shots, if they disrespect
To let them know, in-case they forgot

I'm forever gang, I'll never change
Hold it down 'til I'm in my grave
They talk about me. Yeah, they talk about me
Tell 'em speak up, when you say my name

The Party starts when I pull up
You not one of us, bruv, tell 'em pull up
When I'm in the crew, it's all crew love
And your girls with us, she's doin' too much

Now The Party's here, kick off
Girls get down, and the boys pop off
Tell the Waitress, I need 10 shots
Good girls turn bad, bad girls wanna pop

We turn up the spot, everybody's lifted
Show 'em my hitters, everybody's twisted
I look like an ounce of what they're sniffin'
M in my cup, and my fingers twitchin'

On my way, it's rags to riches
Where I'm from, it's bags or bitches
I make them flips, pull them clips
Girls throw it back like it's Thursday pictures

And I pour a shot for my brothers in lock
Pour a shot, cause we got it on lock
Let off shots, if they disrespect
To let them know, in-case they forgot

I'm forever gang, I'll never change
Hold it down til I'm in my grave
They talk about me, yeah they talk about me
Tell 'em speak up when you say my name
