

# Let It Breathe

Hootie & The Blowfish

Could we do it again  
If he asked how it felt  
And I didn't say this time  
You tried to scare me with empty thoughts  
That means not a thing  
'Cause I'm down behind you  
Could we swing it again  
If I changed how he looked  
And turned to the right to bend  
You live with something that I can't explain  
But your face cracks a smile when you see it shining

You feel things in your own way  
And I'm supposed to lay down and bow to you  
I'm tired of bailing hay for something that I can't see  
I don't want to be you  
You don't want to be me.  
Just let it breathe

If the moon goes up tomorrow and I'm down on a farm  
And you don't believe whose writing with me  
Keep your hands to yourself  
Keep your mind to yourself  
Keep your breath to yourself  
Let me float on by you

You see things in your own way  
And I'm supposed to lay down and bow to you  
I'm tired of bailing hay for something that I can't see  
You don't want to be me  
I don't want to be you

It's so very necessary  
It's so delectable to see a stone  
It's so impossible to find a reason  
When you're standing there  
Watching me now

Could we live it again  
If we dressed just the same  
And held on to lovers when  
We couldn't really live with anyone  
See mostly ourselves so just go on lying

You feel things in your own way  
And I'm supposed to lay down and bow to you  
I'm tired of bailing hay for someone that I can't see  
I don't want to be you  
You don't want to be me  
Just let it breathe  
Let it breathe
