

## Circus

Hooverphonic

Roll up, roll up  
Wake up in the dark  
I feel it gettin' lighter  
Watch the world disappear  
Tricks to thrill and to fear  
Hold your head up higher

Hurray, they're coming to town  
The freaks and the clowns  
A merry-go-round  
Such a colorful crowd  
(Until the lights go out)

Roll up, roll up  
Take a spin on the top  
Amazin' death defier  
Once to bring you near  
Hold your heart, taste your tears  
Won't you walk along the wire?

Hurray, they're coming to town  
The freaks and the clowns  
A merry-go-round  
Such a colorful crowd  
(Until the lights go out)

Danger, fire  
Run now you liar  
Wilder and wilder  
Sleep now, it's over  
(Not another end)

Roll up, roll up  
Wake up in the dark  
I feel it gettin' lighter  
Watch the world disappear  
Tricks to thrill and to fear  
Hold your head up higher

Hurray, they're coming to town  
The freaks and the clowns  
A merry-go-round  
Such a colorful crowd  
(Until the lights go out)
