

# Heartbroken

Hooverphonic

Since you've been gone  
you' would think I feel lonely  
cry all night  
lose my mind  
I'm all alone and it feels like a blessing  
well does that disappoint you

I put out all the stops  
to feel sad to miss all we had  
but I'm sorry I ain't heartbroken  
I put out all the stops  
To regret all the fights we had  
but really I ain't heartbroken

Hey I feel great  
I feel strong does it really seem so wrong  
not to long  
for you and the way you've been trying  
to control me  
well you know what  
those days are over

Sometimes you should stop...
