

# Sleepless

Hooverphonic

I worry a lot  
And I'm never sure  
It's hard to choose  
So much to lose  
I want things I can't afford

I cannot sleep  
I cannot dream  
The night is way too long  
Even when I'm counting sheep  
The night is way too long

Sleepless nights  
Exhausted, too uptight  
I don't think  
Before I speak  
It makes me lose sight

I cannot sleep  
I cannot dream  
The night is way too long  
Even when I'm counting sheep  
The night is way too long

The ceiling is all I see  
With darkness between you and me  
I'm counting every hour  
Completely overpowered  
It makes me wonder why

I can't sleep  
I can't find peace  
The night is way too long  
Even when I'm counting sheep  
The night is way too long
