This Strange Effect

Hooverphonic

You've got this strange effect on me And I like it

You've got this strange effect on me And I like it

You make my world in white You make my darkness bright, oh yes You've got this strange effect on me And I like it, and I like it

And I like the way you kiss me Don't know if I should But this feeling it's love and I know it That's why I feel good

You've got this strange effect on me And I like it

You've got this strange effect on me And I like it

You make my world in white You make my darkness bright, oh yes You've got this strange effect on me And I like it, and I like it
