

Uptight

Hooverphonic

Start to stutter
When I think I care too much
You know I mumble
While I try to get in touch
Spill my tonic
Every time I care too much
I just panic
When I start to get in touch, oh

Why why why why
Am I way too straight?
Am I always late? You know
Why why why why
Did I end up on
This disastrous date? You know

Uptight
We love makes me feel too
Uptight
Whenever I'm with you I'm
Uptight
You love make me feel so
Uptight
I just care for you

There are crazy things that
I will surely regret
When I'm uptight next to you
And the closer you get
Yes, the more I'm upset
Getting uptight next to you

Start to swing
When I think I care too much
Smelling bad
While I try to get in touch
Running fast
From the fact I care too much
Getting up
When I start to get in touch, oh

Why why why why
Am I way too straight?
Am I always late? You know
Why why why why
Did I end up on
This disastrous date? You know

Uptight
We love makes me feel too
Uptight
Whenever I'm with you I'm
Uptight
You love make me feel so
Uptight
I just care for you

There are crazy things that
I will surely regret
When I'm uptight next to you
And the closer you get
Yes, the more I'm upset
Getting uptight next to you

Count every damn minute
Count every damn day
Baby can't we admit it
The pressure gets hard
I'm going down

Count every damn minute
Count every damn day
Baby can't we admit it
The pressure gets hard
I'm going down

Uptight
We love makes me feel too
Uptight
Whenever I'm with you I'm
Uptight
You love make me feel so
Uptight
I just care for you

There are crazy things that
I will surely regret
When I'm uptight next to you
And the closer you get
Yes, the more I'm upset
Getting uptight next to you
