

## Laments Of A Mattress

**Hop Along**

Hehmm, what? fuck you, I'm walking out, it's my apartment

Green striped sheets lifted from me  
I am free of two very heavy bodies  
Once we three had slept soundly  
But I couldn't keep them around  
Fold the blankets down  
And found new sleeping ground  
Bed springs squeaking  
Tires squealing away from one another  
We all used to be lovers here  
Bodies playing  
Stay they'll  
Stay like their boxes stacked  
Stay labeled and separated  
Go ahead take the couch  
I know I don't want to sit next to nobody  
Go ahead take the fridge and all  
I don't want you going hungry  
Go ahead take the cat  
I know you're only gonna be coming back  
Go ahead take it all  
I know how you've wanting to settle down down down  
Has it always been settling down? down down

The one on the left says to the on the right  
I could make a very good wife for you  
The one on the right to the one on the left  
Let's take this one step at a time  
One on the the right says to the one on the left  
You know I need you all the time I ah I  
The one on the left says to the one on the right  
I think I've changed my mind  
I can't help but think  
My insides have to sing  
Now the weight gets the better of me  
And my insides have to sing  
Song for the sad ones  
Who say they'll marry they guess  
She's wearing a white dress if he behaves his very best  
Song for the sad ones  
Who say they'll marry they guess  
She's wearing a white dress if he behaves his very best  
Song for the sad ones  
Who say they'll marry they guess  
She's wearing a white dress if he behaves his very best  
Song for the sad ones  
Who say they'll marry they guess  
She's wearing a white dress if he behaves his very best  
Song for the sad ones  
Yes, yes, yes...

Go ahead take the couch  
I know I don't want to sit next to nobody  
Go ahead take the fridge and all  
I don't want you going hungry  
Go ahead take the cat  
I know you're coming back so

Go ahead take it all  
I know how you've been  
You've been wanting to all this time  
To settle down all  
Has it always been settling down? down down  
My elastic, steel and spring  
They will tell you everything  
If you lay down  
For a minute  
Oh my elastic, steel and spring  
They will tell you everything  
If you lay down  
For a minute  
The mattress maker's making his living by the minute, by the minute  
The mattress maker's making his living by the minute, by the minute  
The mattress maker's making his living by the minute, by the minute  
The mattress maker's making his living by the minute, by the minute  
So, go ahead
