

# Addict

Hope D

They've been saying funny things behind my back  
They say I need help but I don't have time for that  
And I'm too busy getting dizzy on the daily  
From watching my dog chase his tail  
They've been whispering 'bout me all day  
But I don't even have the time to see them anyway  
So I don't care, no, I don't care what they say  
'Cause I don't need those details

They say I'm addicted to the chips I can't eat  
They say I'm addicted to the drinks I don't need  
They say I'm addicted to pills that help me sleep  
But I can't sleep unless I have them  
So does that make me an addict? Oh  
I see numbers, dancing around my head  
Numbers are the colours of auto, even, black and red  
So place your bets and let's watch all my fears spread  
It's a hobby not a habit so does that make me an addict? Oh

Does that make me?  
Does that make me?  
I said does that make me?  
Come on, does that make me?

My family's been saying some scary stuff  
Pretty sure they're sick of me  
No, I'm pretty sure they've had enough  
I'm coming home at the same time they wake up  
And I keep on waking up the dog

They say I'm addicted to the chips I can't eat  
They say I'm addicted to the drinks I don't need  
They say I'm addicted to pills that help me sleep  
But I can't sleep unless I have them  
So does that make me an addict? Oh  
I see numbers, dancing around my head  
Numbers are the colours of auto, even, black and red  
So place your bets and let's watch all my fears spread  
It's a hobby not a habit so does that make me an addict? Oh

Does that make me?  
Does that make me?  
I said does that make me?  
Come on does that make me?

Is it more addictive when you win or more addictive when you lose?  
'Cause when you lose, you lose your money gotta get it back to use it  
So you can use it, so you win every spin is from the gods  
And you can beat the odds, I bet you you can beat the odds

It's a hobby not a habit, so does that make me an addict?  
It's a hobby not a habit, so does that make me an addict?  
It's a hobby not a habit, so does that make me an addict?  
It's a hobby not a habit, so does that make me?

Does that make me?  
Does that make me?

I said does that make me?  
Come on, does that make me?
