

Breakthrough's Coming

Hope Darst

Might feel like there is no way
Might feel like your chains won't break
But when Jesus shows up on the scene
You know somethings about to change
Might feel like there is no hope
Staring at a Jericho
But when Jesus shows up on the scene
You know somethings about to change

Somebody speak the name
Somebody sing His praise
Somebody bring your faith
There's a breakthrough coming
Somebody testify
Somebody lift Him high
Oh, let me tell you why
There's a breakthrough coming

Wanna see the lame man walk
Wanna see the blind get sight
Cause when Jesus shows up on the scene
You know somethings about to change
Wanna see a slave go free
Wanna see a dead man rise
Oh, when Jesus shows up on the scene
You know somethings about to change

Somebody speak the name
Somebody sing His praise
Somebody bring your faith
There's a breakthrough coming
Somebody testify
Somebody lift Him high
Oh, let me tell you why
There's a breakthrough coming

A breakthroughs coming
A breakthroughs coming

Call on Jesus
Sing it Jesus
In the name of Jesus
Oh, anything can change

Call on Jesus
Sing it Jesus
In the name of Jesus
Oh, anything can change

Call on Jesus
Sing it Jesus
In the name of Jesus
Oh, anything can change

Somebody speak the name
Somebody sing His praise
Somebody bring your faith

There's a breakthrough coming
Somebody testify
Somebody lift Him high
Oh, let me tell you why
There's a breakthrough coming

Oh, a breakthroughs coming
Yes, a breakthroughs coming
