

Beloved, closest friend
When it comes to You
Oh, where do I begin
My refuge, my defense
I'll be singing songs about You til the end

Your name to me
Is sweeter than honey
It's all I need
More than enough
Jesus, You are the very air that I breathe
Your name to me
Is sweeter than honey

How precious, how divine
Oh, Your beauty captivates me every time
I'm Yours and You are mine
I'll be singing songs about You my whole life
Yes, I'll be singing songs about You my whole life

Your name to me is sweeter than honey
It's all I need
More than enough
Jesus, You are the very air that I breathe
Your name to me is sweeter than honey

Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh
Your name to me is sweeter than honey
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh
Your name to me is sweeter than honey
I'll be singing songs about You my whole life
I'll be singing songs about You my whole life

Your name to me is sweeter than honey
It's all I need
More than enough
Jesus, You are the very air that I breathe
Your name to me is sweeter than honey

Your name to me is sweeter than honey
It's all that I need
More than enough
Jesus, You are the very air that I breathe
Your name to me is sweeter than honey
