

The Hope Of Jesus

Hope Darst

No weapon formed against me will stand
No power of darkness will win
I am convinced of this
I'll stake my life on this

No enemy I face will prosper
And no power in hell will prevail
I am convinced of this
I'll stake my life on this

The hope of Jesus will not fail
It never has, it never has, it never has
The hope of Jesus will endure
Forevermore, forevermore, forevermore

For freedom I have been set free
And my Savior holds every victory
Oh, I am convinced of this
I'll stake my life on this
Oh, I am convinced of this
I'll stake my life on this

The hope of Jesus will not fail
It never has, it never has, it never has
Oh, the hope of Jesus will endure
Forevermore, forevermore, forevermore

My hope is in You, Lord
You never fail me and You won't start now

Every lie, every chain
Every sickness, it will break
Every fear, all my shame
It stays buried in the grave
Every lie, every chain
Every sickness, it will break
Every fear, all my shame
It stays buried in the grave
'Cause He tore through the veil
And destroyed the gates of hell
He's alive, He's awake
He has risen from the grave
Yes, He's alive, He's awake
He has risen from the grave

The hope of Jesus will not fail
It never has, it never has, it never has
Oh, the hope of Jesus will endure
Forevermore, forevermore, forevermore
Oh, the hope of Jesus will not fail (It will not fail)
(It never has) It never has, (It never has) It never has
(It never has) Oh, I know
The hope of Jesus will endure (It will endure)
Forevermore, forevermore, forevermore, oh
Forevermore, forevermore, forevermore, oh
Forevermore, forevermore, forevermore
