

# Crazy

Hope Tala

You don't need to pretend, know you don't want to be friends with me  
Don't get defensive, I don't mean to offend, baby  
I'm all you want, all you need so I guess it depends  
Don't make me ask you again, again

Plant rosebuds on my cheek, I'll blush like rosé wine  
And if you water them enough, I promise we'll be fine

You are like blood in my veins, you'll never be enough  
Approach me and pour a bit of your love  
In my cup  
And in LA people don't dance at parties, baby  
But in London we tear it up so maybe  
You can go crazy, you can go crazy, yeah

You can go, go, go crazy  
You can go, go, go crazy  
You can go, go crazy, yeah  
You can go, go, go crazy  
You can go, go, go crazy  
You can go, go

Straight out of the 90's, definition of brown sugar  
Hand on your thigh when I am driving downtown with you  
Everything's right, soon as those bedroom lights get dimmer, dimmer, oh

You are like blood in my veins, you'll never be enough  
Approach me and pour a bit of your love  
In my cup  
And in LA people don't dance at parties, baby  
But in London we tear it up so maybe  
You can go crazy, you can go crazy, yeah

You can go, go, go crazy  
You can go, go, go crazy  
You can go, go crazy, yeah  
You can go, go, go crazy  
You can go, go, go crazy  
You can go, go

You can have anything you want  
Anything from you want from me is yours  
'Cause I'm crazy, yeah, I'm crazy for you  
Approach me, baby, I'm crazy for you, crazy

You can go, go, go crazy  
You can go, go, go crazy  
You can go, go crazy, yeah  
You can go, go, go crazy  
You can go, go, go crazy  
You can go, go
