

Black Sheep

Hopsin

And I act like I don't give a fuck
But I do give a fuck
And I'm trapped inside my mind, there ain't no loosenin' up
Maybe I'm thinkin' too much, and I'm caught in my feelings
Are the odds of me being accepted one-in-a-million?
I'm the black sheep (the black sheep)
The black sheep (the black sheep)
Like the rain is fallin' on me, you don't know what I deal with
I'm the black sheep (the black sheep)
The black sheep (the black sheep)
Are the odds of me being accepted one-in-a-million?
Oh, I'm the black sheep

Fuck, a nigga just don't fit in
No one close to kin
I write about it so much, I done broke my pen
An' I'm so sick of pretending my life is dandy and flawless
I'm stuck on a road to hell, fighting demons
But I let 'em drag me across it
While everybody happily applauds it
Tell me what caused it
Was it Monroe High? That's where I went to school at
All the black kids said I was white-washed
An' the white kids said I was too black
When I skateboarded, I got booed at
At lunchtime, I was who they threw food at
I was trying so hard to cope with it
I wanted to run up on campus with two gats
And just (ahh) let loose
Put some niggas in the E.R. for trynna treat me like a retard
Where the fuck does my future lie?
I can't see far, momma's little sweetheart
He developed an attitude, picked up a mic
That's a hell of an avenue
He gon' take your ass to hell and then back with you
Life is a class you can tell I've been absent to
My massive doubt has got me wrapped around
And it drags me down a bit
I don't know how to cast it out, I try to rap profound
So you could laugh about the shit
Truth is, yo, I never laughed
I'm looking for wherever heaven's at
The black sheep, they won't let him past
They would rather get together, tie him up
And then behead his ass, got me hella sad
Listen

Do you ever feel like the world is never gon' want you?
Like the world is never gon' need you?
I always do, every day is déjà vu for me

And I act like I don't give a fuck
But I do give a fuck
And I'm trapped inside my mind, there ain't no loosenin' up
Maybe I'm thinkin' too much, and I'm caught in my feelings
Are the odds of me being accepted one-in-a-million?
I'm the black sheep (the black sheep)

The black sheep (the black sheep)
Like the rain is fallin' on me, you don't know what I deal with
I'm the black sheep (the black sheep)
The black sheep (the black sheep)
Are the odds of me being accepted one-in-a-million?
Oh, I'm the black sheep

That nigga whose brain is off, I am that
My trainer thought [?]
I take the loss and I stand back
I came to play the cards with no hand clap
I can't recall when this [?]
They came so overwhelmed
And I started to rebelling
I hate [?] I stand there
Never got no love for my niggas
No love no hoes, came up in a hole
Tryna climb out the devils dark hole
I don't ever leave the house much
I never really thought this would be the outcome
Wish I had a window I was weeping out from
My family is yelling "Please Jesus help him!"
When I'm out in the real world
I feel like nobody knows me
What if this whole time I've had an issue and nobody told me
See this cold heart isn't cozy
And I be low part and I don't see
I'm so disconnected from the earth
My hands are out so far but they won't reach
Should I get in a coffin
Where not many niggas would wanna kick it with me unless they would gonna be
nefit off it
Motherfuckers never interested in no me
They just be just itchin' for Hopsin
I'd be fronting if I act like it isn't a problem
I done shed tears contemplating my suicide in my room isn't it awesome?
Fuck no

Do you ever feel like the world is never gon' want you?
