I'ma tell you right now you ain't worth shit
All you do is sit at home takin' selfies
And post them like it was your work shift
Your 'gram is full of all these evil memes
To niggas lie you don't deserve it
That's why niggas ain't fuckin' with you
Cause we see that you don't have a purpose
It's clear that you don't leave the house
We date you and don't be aroused
Only pleasure that we ever do get from you
Is when you shut up and open your mouth
Don't you get it stupid bitch it don't matter
If you love a man and you holdin' him down
Cause once he find out you got nothing better to
Do except him he won't be around
Y'all like "I want to be treated like I'm a queen"
Bitch better act like one
Girl I got so much to give you
If you ain't givin' back it's a wrap, I'm done
You want a real man, a real boss
So you can live life in a Kodak frame
A real man carry a lot of shit on his shoulder
We need a real woman who can hold that weight
Let me guess you a real woman, right?
Nope don't want to hear that
So go cry some tears in your tear bag
Bitch you don't have a car, a job
A life or a fuckin' career path
There's no accomplishments
I'm serious bitch stop this shit
You can fool niggas with pics lookin' like you a queen
But in real life I know you the opposite

Bitch I can see what you tryna do

For that pussy they'll spend it all for you
