I Wouldn't Do That

Hopsin

Yikes, I'm in my zone
Get on my level, I'm wildin' out move back
Get off of me, I am the prodigy
I feel like I am a new man
I really don't see any areas in this shit I should improve in
So who tryna wake up the dragon? You?
Nah, I wouldn't do that

Okay, alright
It's about to go down
It's about to go down
It's about to go down
It's about to go down, nigga
Yeah, okay (Prodigy)
Check me out, look

Oh, shit who's that?
I'm the rapper lunatic who's coming at you like a locomotive
I been down, now I'm up
Hop, solo nigga damn it's like my life is like a rollercoaster
Your flow the coldest? Well I'm [?] level
You know I'm building for me, so many niggas
Ah, hold on a moment
Homie I don't need a major label
I'm at home with twitter fingers whippin' up my own promotions
Rap monster, Black Mamba
You can't run from the wrath I've been asked to cast on you
To all the haters who been keepin' up with my every move
Here's my penis to latch on you
I'm the only MC in this wack genre (bitch)
Don't look at me, I'ma spaz on you
Kids, go get the key to your dad's Honda and turn up
Roll up the street and you pass ganja (are you serious?)
I came up with a couple new answers (what's that?)
I'ma need a couple new dancers (nigga what?)
'Cause I done made a whole lot of money
But I'm feelin' blue still, I ain't talking zoolander
I was Hugh Heff'in on the low
When my girl found out, she was like "You Bastard
It's so obvious you never even loved me
You stupid ugly motherfucker, fuck you and her"
Fangs a web and I'm caught between it
Walked a [?] and [?] It's all convenient
Hoes begging me to sign all across the cleavage
Nigga, you should hear the tone that they talk to me with
I'd be stupid if I don't fill em all with semen (true)
I don't know where to go with these darker demons (true)
I've been on the phone tryna talk to Jesus (true)
I am on a roll, and can y'all believe it?

Rape sentences shake witnesses, I'm on the same minutes
Vacate the damn premises, my brain's missing
I date women for 8 minutes then play them like Sega Genesis
Straight nigga, but shit it's too late to take Ritalin
Doctors, they've been itchin' for days to make sense of it
If I'm around, no such thing as a safe citizen
When I'm on the mic I deliver like St. Nicholas
Niggas get in shivers the moment the base trickling
You can see I'm not in the mood to play, gentlemen
