

# No Hope

Hopsin

I've been there when you needed me the most  
Had your back when you were broke  
I've shown you love when there's no hope  
You were my friend, like blood  
Like brothers, like family  
And I say damn  
Where would you be without me?  
Without me

I'm fucking tired of playing God when you in need  
The choices you made are on you completely, what's it got to do with me?  
You mobbing through the streets, clueless but it's not like you could see  
You know I'm cool, so you take it like it's an opportunity  
To get some free money, damn you ain't got no shame  
You been living off of my dough, bitch I'm not your bank  
You be asking to borrow knowing that you not gon' pay  
Abusing the privilege my nigga, that is not okay  
Why don't you get it? I shouldn't have to explain it  
Our foundation should be on some real shit, not you asking for payments  
So create a dream, then get off your ass and then chase it  
I'm mad and frustrated dealing with this shit, I'm lacking the patience  
You the homie, I don't mind you coming around dog  
But I should not have to pay for your downfall  
Choose your faith, but still even if your day seem great  
Just know I got your fucking back either way, you already know

I've been there when you needed me the most  
Had your back when you were broke  
I've shown you love when there's no hope  
You were my friend, like blood  
Like brothers, like family  
And I say damn  
Where would you be without me?  
Without me

Now my own family tripping, I ain't think I would get this shit from sibling  
s  
The money I'm making is yours right? It's a given  
Let me tell y'all why I get a different feeling  
Y'all was living good watching me and my momma struggle once we get the bill  
s in  
I don't recall any help or sympathies  
Since 15 I been paying rent, you know what that did to me?  
Could have been here, had this rap shit popping off, if y'all had lent the h  
and  
But y'all wasn't worried 'bout helping us, you had a different plan  
Focused on yourself, and now you holding on for help  
You were self centered, and that was just an open door to hell  
Oh, you need some money now, yeah of course I know the deal  
You want the benefits without playing the courses on the field  
You ain't even doing your best or trying  
Don't ask me for shit unless you dying, this is me testifying  
Just know that when your bright days going straight  
I couldn't have your back without feeling strange but you already know

I've been there when you needed me the most  
Had your back when you were broke

I've shown you love when there's no hope  
You were my friend, like blood  
Like brothers, like family  
And I say damn  
Where would you be without me?  
Without me

Money can leave you isolated cause people are shady  
So why debate it? They love cash and fantasize to make it  
To get it, we'll fight and break shit, develop unrighteous ways  
Even taking the side with Satan, thankfully I've awoken  
Foes who abused the privilege by having those who were gifted  
Around them close and they vision, stop corroding your friendships  
Don't be having your hands out, smiling, hoping to get shit  
Mooching off of a man's treasure is bogus and it's just  
Not the way you should function with brothers when you're amongst 'em  
That is what we call punk shit and it can leave you stuck in  
A boat that's already sunken, this can happen to anyone  
Sisters, brothers and cousins, they disrespecting, then fuck 'em  
That's the way that the fountain leaks, keep on pushing your boundaries  
In due time I am bound to see all the snakes that surrounded me  
I know that if my brightest days turn gray  
You wouldn't have my back unless there was pay, it ain't no secret

I've been there when you needed me the most  
Had your back when you were broke  
I've shown you love when there's no hope  
You were my friend, like blood  
Like brothers, like family  
And I say damn  
Where would you be without me?  
Without me
