

# Turn It Up

Hopsin

[Intro]

And I just came to get down, don't be hatin' on me!  
Bounce and move on my way, the parties waitin' for me!

[Verse 1 - Hopsin]

I'mma go buck wild in this bitch like I'm shameless  
Then act a fool on the flo' like my brain missin'  
I can't listen, but listen to me!  
Put ya hands in the sky if you got similar needs as I do  
I move like a shadow in the night  
Tacklin' the mic like I really have to get a bite  
I see niggas stuffin' weed in a apple gettin' high  
Feelin' like they livin' in that castle in the sky  
Nooow I'm usually the life of parties  
With a broke down whip, no nice Ferrari  
Skater boys are like "DUDE, YOUR EYES ARE GNARLY!"  
Everybody come ride my safari!  
Get a taste of the new, let the bass hit ya shoes  
I'm just here to start a movement the fascist didn't do  
Come here girl 'cuz I really wanna taste some of you  
And take you back to the crib and put my face in ya ewwww

[Hook]

And I just came to get down, don't be hatin' on me!  
Bounce and move on my way, the parties waitin' for me!  
Turn it up, get down (4x)

[Verse 2 - SwizZz]

Yo! Yo!  
What? What? What?  
Hey girl! It's time to release your inhibitions 'cuz I have a secret  
I like the way you move, kinda sneakin'  
I got plans to take you home this evenin'  
Now if you wanna ride, all you gotta do is agree  
Ain't nobody in here fuckin' wit' me  
You naked is somethin' to see  
Plus, you and me...that's somethin' you need!  
Ghyeaaah...but I ain't gonna front, tho  
I am kinda drunk, yo  
And I just wanna fuck, bust a nut - WOAHH!  
You say you ain't single, but yet you still mingle  
One mo' drink and it's goin' down fo' SHO'!  
No pressure, just cruise wit' it  
It ain't your fault, say the motherfucking Goose did it!  
Moderation doesn't exist  
So while you finish your drink, I'm gonna guzzle a fifth, woah

[Hook]

And I just came to get down, don't be hatin' on me!  
Bounce and move on my way, the parties waitin' for me!  
Turn it up, get down (4x)

[Hopsin]

I'm the dopest, of course  
Explosive and more  
Now stomp 'til you put a fucking hole in the floor  
I be bangin' my head, my necks broken and sore

Now I'm at the hospital like "OPEN THE DOOR!"  
I'm outta my mind, and yes, you know this  
Funk Volume's in the house wit' a new dope hit  
Fill this motherfucker up wit' a few mo' chicks  
And after the ready, we'll take a new road trip

[SwizZz]

Yo Hop! (Whaddup?)  
Turn this motherfucker up  
I'm ready to get buck RIGHT NOW!  
I'm kinda feelin' the flow, adrenaline doin' the most  
This ceilin' goin' down RIGHT NOW!  
See, I ain't gotta do dances 'n' shit  
'Cuz I could really care less how you dance to this  
I just wanna see you move, break a sweat  
Then dip like you from the set

[Bridge]

See, lately I've been stressed - tryin' to work my 9 to 5!  
So it's good to step out the house once awhile and ease my mind!  
Turn it up, get down (4x)

[Hook]

And I just came to get down, don't be hatin' on me!  
Bounce and move on my way, the parties waitin' for me!  
Turn it up, get down (4x)
