

Tiger

HORI7ON

Tiger
Roar
We set it on fire
Ye get it
Run run run

I'm being tough, being raw
Jump to the next jungle
Hit the road, we go hustle
Excuse my charisma I'm swagging down pat
I just beat the beat up and say

Catch me if you can
I'm faster than a train
Who did it, did this good, and do it different
The king of jungle
We shake the ground

I'm going on my way
So take aim and fire away
Nobody can stop me
Run till the end of it

(Ay) speed up
(Aww) gear up
Yeah, now we bring the light
Hi ya e ya oh fire
Let's growl

Tiger
Roar
We set it on fire
Yeah, get it
We do this how we want
Tiger

We growl, we growl with this
Big paws and sharp claws
All we do is all we do is win
Run, run, run
Like tiger

I just take my time do it how I want it
If want it, if I want it than I own it
Focused on the inner me, not the enemy
Face all your fears, then get at me

Feel like I can fly (can't stop me)
Put it all on the line (can't stop me)
I'll give it all I got, that's my plan
To turn my life around, today is the day

I'm going on my way
So take aim and fire away
Nobody can stop me
Run till the end of it

(Ay) speed up
(Aww) gear up
Yeah, now we bring the light
Hi ya e ya oh fire
Let's growl

Tiger
Roar
We set it on fire
Yeah, get it
We do this how we want
Tiger

We growl, we growl with this
Big paws and sharp claws
All we do is all we do is win
Run, run, run
Like tiger

I'm not gonna stop
That's who I am
Will I end up on the top
My way
There's no limit so breaking free
To be all that we can be
Turn it up, we see it coming

Tiger
Roar
We set it on fire
Yeah, get it
We do this how we want
Tiger

We growl, we growl with this
Big paws and sharp claws
All we do is all we do is win
Run, run, run
Like tiger
