Horrorshow

I'm overjoyed, I took the day off
I'm funemployed like I got laid off
I made a trade off, swapped out my stress and
Blocked out the noise, now I'm bout to take off

Spreading my wings, playing my hand
Calling my bluff, taking my chance
Puffing my chest, shedding my skin
Strutting my stuff and doing my dance
Goes something like this

I feel like I've been stuck inside for so long
When outside the sun is shining
Roadblocks that were in my way are all gone
No time for fussing, fighting
Cos I been down that road, and now I know just how it goes
Instead I let the light in
And keep on smiling wide while I'm doing my thing

I'm just doing my, I'm just doing my
I'm just doing my, I'm just doing my thing
I'm just doing my, I'm just doing my
I'm just doing my, I'm just doing my thing

I got a breath of fresh air, not a care in the world
I be the heavyweight champ like I'm wearing the belt
Cos I stepped into the ring, did my thing and came out on top
Learning to love myself is the achievement that I'm proudest of
Feeling like me 2.0, a new edition
I'm on a mission and I don't need no one's permission
Positive affirmation, killing my inhibitions
Reminding me I'm everything I need, I'm self sufficient
Cos when you try to please everyone, you'll never measure up
Can't fill nobody else's until til you fill your cup
It's an uphill battle but you'll get there in the end
And if you ever forget it just listen to this again, like

You know, sometimes in this life
You can feel like there's a lotta pressure on you, you know what I mean?
Pressure to do the right thing, be everything to everyone - do what's expected of you...
But in the end, you only gotta answer to one person
So just do you, as only you can do

I feel like I've been stuck inside for so long
When outside the sun is shining
Roadblocks that were in my way are all gone
No time for fussing, fighting
Cos I been down that road, and now I know just how it goes
Instead I let the light in
And keep on smiling wide while I'm doing my thing

I'm just doing my, I'm just doing my
I'm just doing my, I'm just doing my thing
I'm just doing my, I'm just doing my
I'm just doing my, I'm just doing my thing

You do you and I'll do me
That is all that I can be
You do you and I'll do me
That is all that I can be
