

# Waste Your Time

Horrorshow

Entranced by her body  
So bold and cursive  
She takes hold  
Controlling my purpose  
I'm testing her patience  
I accept her invitation  
She make me feel so at home  
But the place of my destination  
There's no route to take but my own  
The truth of it is  
It wasn't you were asking too much  
But it was more than I wanted to give  
Yeah  
Said the truth of it is  
It wasn't you were asking too much  
But it was more than I wanted to give

I didn't really mean to waste your time  
Love  
But you could tell there's something on my mind  
Love  
And I don't know why, but  
But I don't feel like sharing with you  
No, I don't feel  
No, I don't feel like sharing with you

Said, "I ain't who I used to be," but  
But I know that you didn't mean that  
Now I know you felt some truth in me  
'Cause I felt your nails in my back  
You sewed my heart on my sleeve  
Heard me say that I wanted to leave  
Only a moment's reprieve  
Both knowing that I'd be right back  
Yeah, yeah, we pushed it to the limit  
We never could let it go  
I swear it's like we're addicted  
I love it when she come around  
And she love it when I come around  
But she hate the come down  
Now we're both feeling strung out  
Strung out, yeah

I didn't really mean to waste your time  
Love  
But you could tell there's something on my mind  
Love  
And I don't know why, but  
But I don't feel like sharing with you  
No, I don't feel  
No, I don't feel like sharing with you  
I didn't really mean to waste your time  
Love  
But you could tell there's something on my mind  
Love  
And I don't know why, but  
But I don't feel like sharing with you

No, I don't feel  
No, I don't feel like sharing with you

Words turn hollow as they roll off my tongue  
So stuck on what we've become  
She said I'm off in my own head, told me don't withdraw too much  
Worried that I'm gonna lose touch, so I'll fess up  
I didn't really mean to waste your time  
But there's somethin' that's been playing on my mind  
You wanted pride of place, now you gotta give me right of way  
But shit, we always did hate goodbyes
