instruments set to yesterday

at the speed light

across empty plains of time

on a ship of jewels and gold

all of time unfolds

A SEVEN CLICK BLIP

FOR A FIFTEEN EON TRIP

CRAFTING DEJA VU

EVENT HORIZON BOOM

DAYS RESCIND AND LAPSE

BIRTH AFTER DEATH

TOMORROW IS THE PAST

EVENT HORIZON BOOM

CITIES SHRINK AND FADE

INTO THE ICE AGE

DINOSAURS NOW NEW

EVENT HORIZON BOOM

TIME IS BROKEN!!!!!!!!!!

time after time

time after time

time after time

time

all these machines that dream

make me want to scream

there's no bears or wild things

the future's not what it seems

causality denied

all of time is now mine

the crisis we both share

is you are me when i was there

time after time

it's almost time

time to say goodbye

at the end of time
