In the morning when you're sleeping  
I can't wait and I can't wait to compromise  
And in the morning when you're sleeping  
I can't wait and I can't wait and I can't wait  
And I can wait for you  
Duh-duh-duh-duh, duh-duh-duh, duh-dah, da-dah  
Duh-duh-duh-duh, duh-duh-duh, duh-dah, da-dah

And in the evening, counting out ticks  
Feels like the clock up there will never see them through  
And in the evening, counting minutes  
I can't wait and I can't wait and I can't wait  
And I can wait to see you  
Duh-duh-duh-duh, duh-duh-duh, duh-dah, da-dah  
Duh-duh-duh-duh, duh-duh-duh, duh-dah, da-dah

In the morning, when you're sleeping  
I can wait  
In the morning, when you're sleeping  
I can wait, I can wait  
In the morning, when you're sleeping  
I can wait  
In the morning, when you're sleeping  
I can wait
