

Divine Emotion

HOST

Far away from what's yesterday
We fade away from what others say
Time delays into another day
On my knees and I pray

Within my mind
Divine emotion
Within my mind
Withered defined devotion

Insanity yearns
Denying the worth
A tireless flame
The dying of words
A fire on the earth
Living with heartless shame

Far away from what's yesterday
We fade away from what others say
Time delays into another day
On my knees as I pray
As I pray

Within my mind
Divine emotion
Within my mind
Withered defined devotion

Insanity yearns
Denying the worth
A tireless flame
The dying of words
A fire on the earth
Living with heartless shame

Insanity yearns
Denying the worth
A tireless flame
The dying of words
A fire on the earth
Living with heartless shame
