

# My Only Escape

HOST

Fear the light, fear the light  
In the hours that darkness takes me  
Never made sense to me

Fear the light, hear the lies  
Every hour that passes takes me  
Living on senseless dreams

Who am I to break, flee from my only escape  
Until the light of day  
The hours that darkness takes me  
Until the light of day  
Fear is my only escape

Fear the light, freedom lies  
In the hour the darkness takes  
Living on senseless dreams

Who am I to break, flee from my only escape  
Until the light of day  
The hours that darkness takes me  
Til the light of day  
Fear is my only escape
